## 1. Background to the **safefood** Knowledge Network Food Safety Skills Fund

The overall purpose of the **safefood** Knowledge Network is to create linkages between food safety professionals on the island of Ireland. We are a community of professionals with an interest in food safety who meet, share and exchange information and knowledge. The Knowledge Network has international linkages and we provide opportunities to develop your professional skills.

The **safefood** Food Safety Skills Fund enables Knowledge Network members to visit and spend time in another organisation to develop their knowledge/expertise in an area related to the scope of the **safefood** Knowledge Network. Participants can broaden their expertise, exchange knowledge and encourage collaboration to enhance food safety between organisations and/or disciplines.

We have issued the following guidelines to provide you with information on this programme offered by **safefood**, and to help you complete the application form. Application forms are available on the **safefood** Knowledge Network website, [www.safefoodkn.net](http://www.safefoodkn.net) or alternatively from Ms. Tracey Thompson at **safefood** Tel: + 353 21 230 4100 or email: [fssf@safefood.net](mailto:fssf@safefood.net)
